BUREAU OF LAND MANAGEMENT
Salem District Office
1717 Fabry Road S.E.
Salem, Oregon 97306

IN REPLY REFER TO:

1790 (084)
Roaring River
TS 03-503

January 2, 2003

Dear Interested Public:

The Bureau of Land Management is considering timber management activities in Sections 1 and 3 of Township 11 South, Range 1 East, Willamette Meridian. This area is within the Crabtree Creek watershed. Activities being considered include commercial thinning of 50-55 year old managed stands; road construction, restoration and decommissioning; and riparian area restoration. You have been identified as someone who might have specific knowledge or interest in this area.

The purpose of this letter is twofold. The first is to inform you of our plans, and the second is to solicit your input. Specifically, I would like to hear what issues you believe are important to consider in the planning of management activities in this area. If you have specific resource information such as the location of springs, trails, or potential environmental effects, please let us know. The enclosed maps show the general location of the proposal and some potential harvest units. I would appreciate your thoughts on this project and I ask that your comments reach this office by January 30, 2003.

If you would like more information on this project, please contact me at (503) 315-5973. Written comments may be sent to Brad Keller, Acting Cascades Field Manager, Salem District, Bureau of Land Management, 1717 Fabry Rd. SE Salem, Oregon, 97306. Comments may also be sent via E-mail to Salem_mail@blm.gov. Please place the name "Roaring River" in the subject line so that your comments are directed to the correct office.

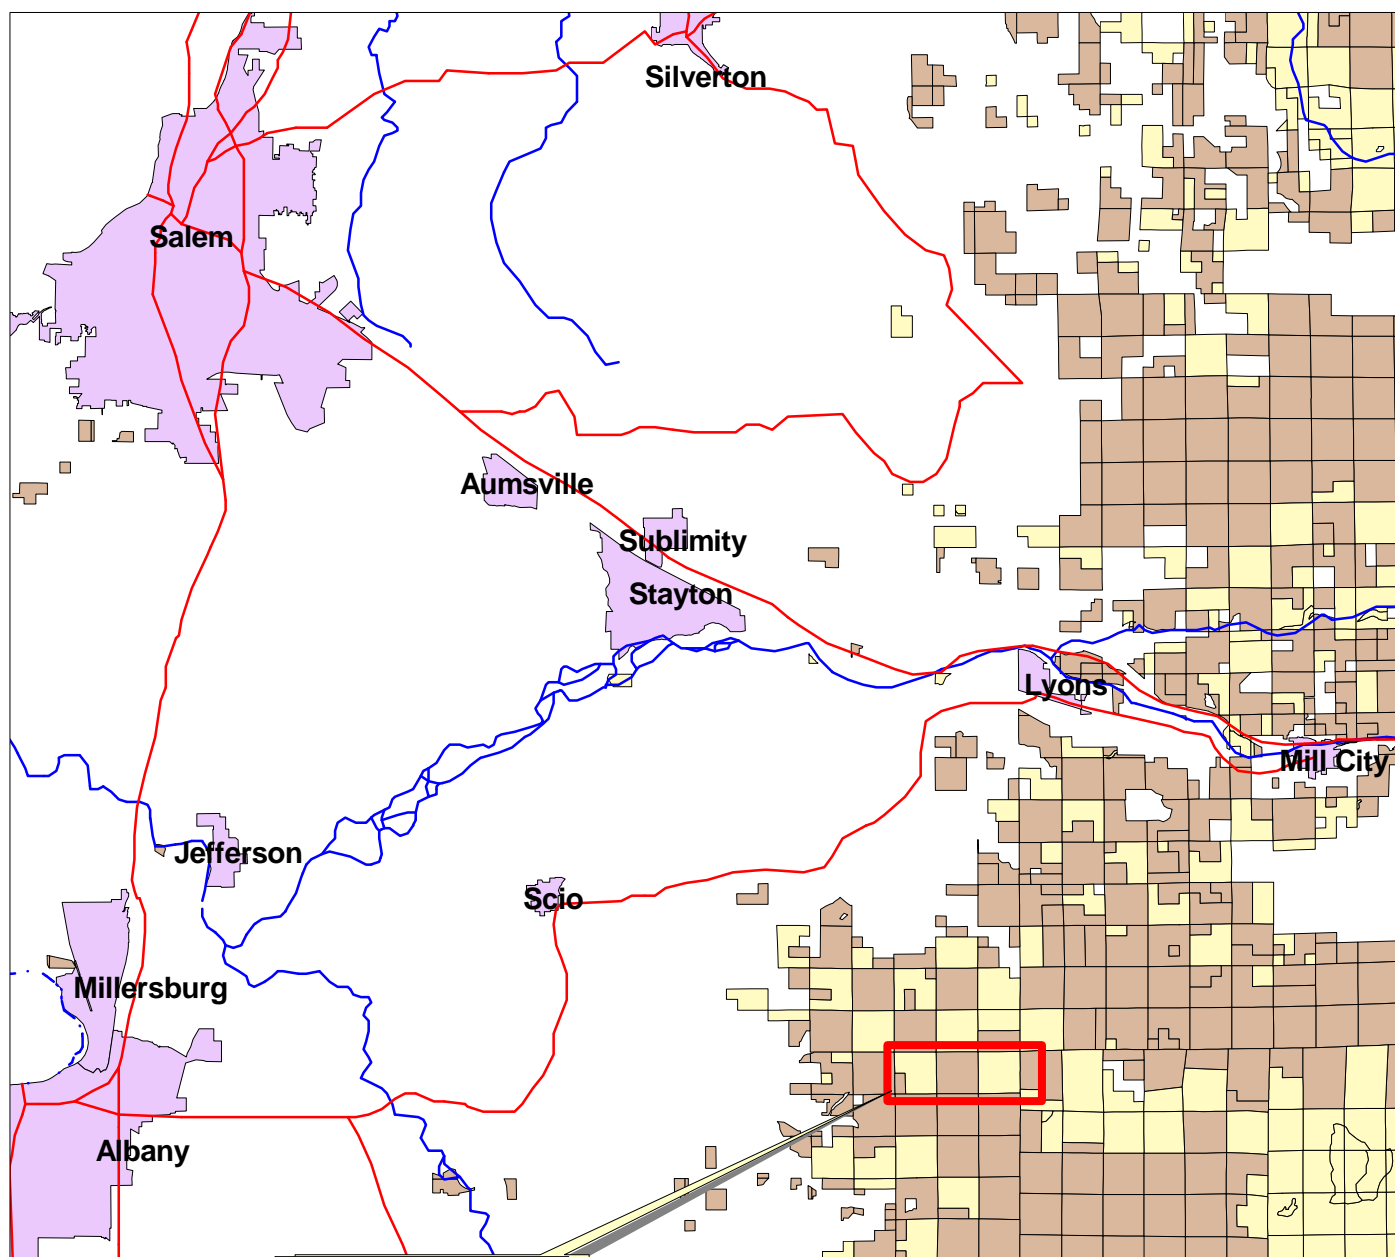

Sincerely,

Carolyn Sands
Planner
